SINGLE-SERVE

Torani announced the launch of a new line of single-serve coffees, including Italian Roast, Breakfast Blend, and signature flavor blends like Salted Caramel and Coconut Macaroon. The K-cup style coffees are 2.0 brewer compatible. torani.com

URNEX HIRES

Urnex welcomed two new hires in September. Bernhard Kuenzler joined the company as Asian

business manager, and will assume responsibility for all sales and business development in Asia. Allison Raber is the new specialty coffee sales manager. urnex.com

CAFÉ GLASS

Life Factory, maker of glass reusable vessels, released a Café Collection of glass mugs for use with hot beverages. The sixteen-ounce mugs feature insulating sleeves that keep drinks hot while protecting hands, and come in five colors.

POUR-OVER MORE

Poursteady is a new automated pour-over machine with app-adjustable settings that makes up to

five cups of pour-over coffee simultaneously, with just one barista at the helm. Poursteady mitigates repetitive stress injuries to baristas and brings speed, precision, and reliability to pour-over service.

CLEAN GRIND

Capresso expanded its care products with Clean Grind, an all-natural grinder cleaner for removing coffee residue and oil build-up, recommended for monthly use to prevent flavor

transfer between different coffees or for quick tune-ups. capresso.com

FLAVORED FILTER

Cameron's Handcrafted Coffee's new, Filtered Single Serve coffees are sustainably designed, compatible with most single-cup brewers, and brew through a filter, not a cup. The arabica blends come in flavors like Choc-

olate Caramel Brownie, Toasted Southern Pecan, French Vanilla Almond, and Highlander Grog. cameronscoffee.com

STAINLESS SERVER

The **Zojirushi** Stainless Vacuum Creamer/Dairy Server is made of durable, 18/8 grade stainless steel with vacuum insulation. The creamer features an electro-polished stainless steel interior for easy cleaning, an easy-pour handle, while a convenient, always-open insulated lid allow guests to pour away without the need to check or twist the lid. zojirushi.com/app/product/shmae

COLLEGE COFFEE

The new **Human Bean** Coffee Truck—featuring state-of-the-art brewing equipment, solar panel-fueled on board

electronics, an office space, and a flat panel television for games—will be stationed at Colorado State University, making it the first collegiate coffee sponsor of its kind. thehumanbean.com

MICE 2016

The official dates for the 2016 **Melbourne International Coffee Expo** will be March 17–19, the festival announced. MICE 2016 will feature two new

areas: a Roasters Alley, offering smaller roasters an affordable entrance to Australian coffee, and an Origin Alley, an opportunity for visitors to cup coffees from across the globe, and speak with producers about processing and production. internationalcoffeexpo.com

BUONO TEMP

Hario developed a new thermometer for use with its V60 pour-over. The V60 Drip Thermometer inserts into a Hario Buono kettle, reading at a precise measurement point for real-time temperature accuracy. Read easily from the digital display while pouring into the V60, and never question degrees again. hario.jp

DESIGNER BULB

Designer lighting brand **Plumen** is added its first dimmable LED bulb to its low energy lighting collection. Following three popular CFL designs, the company introduced the Plumen 002

LED, a revamp of the CFL model with upgraded technology. Warm-toned Plumen bulbs use eighty percent less energy than a traditional bulb and last ten times longer. plumen.com

GINGER CHAI

Davidson's Organics will be adding a Ginger Chai to its line of loose-leaf teas. The ginger tea, available in 100-pack filters and in bulk, is a blend of black tea and herbs with a spicy chai taste, warming for the

holiday season. davidsonstea.com
