

*Introducing*  
*Himalayan White*

**Sparks, Nev. (January 14, 2016)** - Davidson's is proud to introduce our Himalayan White tea! Available in our bulk loose-leaf packaging.

Grown on our Snowview Estate in the foothills of the Himalaya Mountains in Darjeeling, India, this white tea is light with a floral note and "chocolate" undertones. Our Himalayan White tea is reminiscent of the early morning mountain hikes you have taken: crisp, subtle sweet, brewing light with a lovely floral aroma and flavor. The tea leaves are picked at their peak for ultimate flavor. White tea is said to be the healthiest of all teas, as it undergoes less processing than green teas or black teas. White tea is believed to reduce the risk of cancer, heart disease, and has an abundance of anti-aging antioxidants. Available in bulk-loose leaf pouches.

This new offering comes after a string of releases from the Nevada based, farm-to-table producer, which includes fruit teas, dessert teas, and red teas. Davidson's first introduced their tea line in 1976, was first to pioneer organics in tea in 2001 and remains committed to sourcing ingredients that are Organic and Kosher certified.
