

SPARKS, Nev. (May 19, 2022) – Davidson’s Organics has done it again; they have introduced yet another sustainably sourced specialty tea to the market. Utilizing the new superfood on the rise, Davidson’s has produced a whole line of tea dedicated to the Moringa tree, also known as the “Miracle Tree of Life.”

Moringa's nutrient-dense leaves are considered highly nutritious and filled with a variety of proteins, vitamins, minerals, phytochemicals, essential amino acids and antioxidants. This adaptogenic superfood herb is widely used in traditional ayurvedic medicinal remedies for stress management, weight management, skin/hair wellness, immunity strengthening, and anti-inflammation. *

Its healing properties extend to more serious health conditions as well, helping individuals combat arthritis, diabetes, gastrointestinal conditions, hormone-related mental illness, high cholesterol, and Alzheimer's. * With vitamin C levels 7x that of an orange and a potassium content 15x that of a banana, it is no wonder why Davidson’s chose to Moringa as their new tea of choice for their health-conscious costumers.

Like all their teas, Davidson’s Moringa Teas are certified organic and of the highest quality. To satisfy every palate, Moringa Tea is offered in eight uniquely different and carefully crafted blends:

- **Moringa Chai:** Moringa Chai is a delicious mélange of moringa as well as other herbs and spices, to create a potent and spicy cup of tea with a refreshing aroma to kick-start your day.*
